

It is our pleasure to introduce you to the world of *Sweet Things*.

For the past 10 years, we have been creating our unique candy treasures to celebrate every occasion on the calendar and custom designs for wedding, corporate events and special requests.

Hidden in the legs of each *Sweet Thing* are two quality candies that provide the shape for them to stand. Snip the bottom, and the candies slide right out. Keep them intact (as most people do because they're just too cute to open up) and they'll last for years!

The face on each wooden bead is hand painted in our studio and then wrapped with loving care. We rise to the challenge of creating individualized designs – a special *Sweet Thing* for the local chapter of the *Red Hat Society*; incorporating bridesmaid's lace for wedding orders; celebrating an important event with a corporate logo – at *Sweet Things* we cater to all those needs!

At major craft exhibits throughout Eastern Ontario – including the past 6 years at the Ottawa Christmas Craft Show - *Sweet Things* has made a major impact. We are now seeking retail outlets throughout Ontario and Quebec to meet our demand. Please visit our web site (www.arnweb.com/sweetthings) to visit our photo gallery and price lists.

Thanks for your time and consideration.
